

Mariia Ilina

The proactive and easy-going person with solid team-player skills. The goal-oriented specialist is eager to deliver a better customer experience.

EXPERIENCE

Glasswall, remote — Manual QA engineer

DEC 2021 - JUNE 2022

Project: malware file protector

- Maintained functional manual testing
- Checked cross-browser and cross-platform compatibility
- Created 200+ test cases
- Made up 20+ checklists
- Found 80 bugs
- Used SQL queries for defect investigation

Tools: JIRA, Confluence, TestRail, Fiddler, Chrome DevTools, Google Docs

LearnUP, online — Mentor

JAN 2022 - MAY 2022

- checking students' homework
- assistance and advice on issues

LearnUP, online — Student

SEPT 2021 - DEC 2021

Studied at the <https://learnup.pro/> course for beginner testers.

Achievements:

- Localised and fixed bugs of websites www.phptravelsl.com and <https://online.vtb.ru/> in bug tracking systems: Jira, Bugzilla;
- Created test cases (TestRail);
- Compiled checklists (Sitechko, Google Sheets);
- Used test design techniques: equivalence classes, boundary values;
- Gained experience with DevTools and Fiddler;
- Mastered the basic techniques of test analysis: State Transition Testing, Decision Table, pairwise;
- Conducted exploratory testing: testing by tours (exploratory tours of Whittaker, mnemonics);
- Conducted functional testing of websites;
- Tested documentation (including usage);
- Compiled a mindmap for two projects.

EDUCATION

Saint-Petersburg State University of Economics, St. Petersburg — *Bachelor of Management*

SEP 2011 - JUN 2015
